Summary & Objective

Ph.D.-level Electrical and Computer Engineer who lived, studied, and worked in the United States for 20 years across academic research, manufacturing, retail, and service operations. Brings a strong foundation in Planning & Engineering support through First/Last Mile operations experience, SLA/KPI management, root-cause analysis, continuous improvement, and cross-functional coordination across station, PUD, and inbound-clearance teams. Skilled in Excel/Power Query, Power BI, SQL, CEBS, ServiceNow, SharePoint, and Power Automate. Bilingual English/Vietnamese. Interactive CV: benbinhtran.github.io/PE

Professional Experience

FedEx Vietnam — Customer Experience Agent (RPI Creator & Monitor)
Ho Chi Minh City, Vietnam | 02/2026 – 08/2026

- Create RPI C-MOD control numbers in CEBS and submit SharePoint entries that trigger Vietnamese and English consignee notifications.
- Validate 12-digit AWB and shipment data; extract shipper/consignee contacts with Copilot/OCR and attach RPI, commercial, MSDS, and related documentation.
- Own the case lifecycle across SharePoint, Excel, ServiceNow, and CEBS by maintaining statuses, timestamps, ownership, and handoffs through pickup and closure.
- Monitor operational exception queues, flag SLA risks, and escalate through Station Supervisor, Operations Manager, and Regional RPI paths with recommended next actions.
- Coordinate with station, PUD, and inbound-clearance teams to close documentation gaps, arrange re-dispatch, and support CCTV/bag checks or DG approvals.
- Coordinate with China and Taiwan teams for RPI monitoring and with Thailand teams for RPI creation, supporting consistent regional handoffs and operational visibility.
- Use Power Query, Excel, and SharePoint logs to track case aging, pickup-within-SLA percentage, and leading exception types for process-improvement discussions.
- Implemented Power Automate flows to consolidate AWB rows, normalize multi-recipient fields, group AWBs by recipient, and send one consolidated HTML email to reduce manual notification work.

FedEx Vietnam — Customer Experience Agent / Supplies Coordination
Ho Chi Minh City, Vietnam | 02/2026 – 05/2026

- Collaborated with Malaysia and Singapore teams to coordinate supplies ordering and delivery across regional workflows.
- Documented and standardized order placement, tracking, and escalation procedures; developed guidance for typical quantities, item locations, and special or bulk requests.
- Instituted a “Data Not Found” check for missing or delayed orders, verified dispatch attempts, escalated unresolved account issues, and monitored lifecycle/allocation exceptions.

Customer Service Partner Specialist — Concentrix
Ho Chi Minh City, Vietnam | 2024 – 2025

- Provided B2B platform support, technical triage, billing coordination, and high-priority dispute resolution; escalated defects to engineering and logged root causes in ServiceNow.

Quality Control & Assurance Specialist — Black Diamond & Kizik
USA | 2022 – 2023

- Conducted statistical analysis of test data to determine product and component strength ratings; drove investigations into design changes, material qualifications, and manufacturing issues.
- Developed test fixtures for production monitoring and maintained comprehensive quality record systems for test, design, and product rating documents.

Shift Lead / Sales Manager — AutoZone Inc.
USA | 2018 – 2020

- Owned assigned-shift operations; supervised and trained a team of 6+ across merchandising, sales, safety, cash handling, and inventory control.
- Managed Commercial/Hub fulfillment for corporate accounts so deliveries were made as promised; enforced loss-prevention and emergency-response procedures.

Research Assistant (SATCOM) — Brigham Young University / Linear Signal Inc. (Raytheon Sponsored)
Utah, USA | 2010 – 2014

- Led design, simulation, and fabrication of a broadband DRA array for satellite communications; achieved 10% aperture efficiency improvement. Developed radome material characterization models and electronically steerable array with dual RHCP/LHCP capabilities.

Research Assistant — University of Arkansas (MOLICS Lab)
Arkansas, USA | 2005 – 2010

- Applied microwave imaging for non-contact object detection and fabricated/tested RF devices under strict laboratory protocols.

Core Competencies

- **Planning & Engineering:** First/Last Mile support, RPI monitoring, SLA recovery, SOP design, milestone handoffs.
- **Continuous Improvement:** RCA, SPC, KPI dashboards, exception trending, process-improvement proposals.
- **Cross-functional Coordination:** Station, PUD, inbound clearance, regional teams (China, Taiwan, Thailand, Malaysia, Singapore).
- **Analytics & Automation:** Excel/Power Query, Power BI basics, SQL, Power Automate, CEBS, ServiceNow, SharePoint.

Skills & Tools

CEBS | SharePoint | ServiceNow | Excel | Power Query | Power BI basics | SQL / PostgreSQL | Power Automate | JavaScript | HTML / CSS | Node.js | RCA / SPC | SLA / KPI | SOP Design | DG Handling

Education

PhD studies (incomplete), Electrical & Computer Engineering
Brigham Young University
Utah, USA | 2010–2014

MS, Electrical Engineering
University of Arkansas
Arkansas, USA | 2008–2010

BS, Electrical Engineering & Mathematics
University of Arkansas
Arkansas, USA | 2004–2008

Certifications & Badges

ServiceNow: Customer Service Case Management, Incident Management, Problem Management, Administration Fundamentals, Knowledge Management, JavaScript Fundamentals.

Languages

English (professional — 20+ years U.S.) | Vietnamese (native)

Planning & Engineering Operations Experience

Built a practical P&E-aligned portfolio through FedEx RPI operations, SLA/KPI tracking, exception monitoring, cross-regional coordination, and workflow automation. Demonstrated ability to own case lifecycles, identify process gaps, and implement repeatable solutions across CEBS, SharePoint, ServiceNow, Power Automate, and Excel.

SLA & Exception Management

Monitor RPI queues, flag aging cases, escalate per matrix, and track pickup-within-SLA % and top exception types for P&E reporting.

Process & SOP Design

Standardize case handling, documentation, and escalation procedures; author bilingual templates and macros for consistent execution.

Automation & Analytics

Power Automate flows for AWB consolidation and notifications; Power Query/Excel for aging analysis and exception trending.

Selected Projects & Automation

Customer Experience Request Management Automation Platform
Jun 2026 | Power Automate, Power Apps, Microsoft Lists, Outlook, M365

- Multi-scenario workflow engine for AWB Label Requests, Unwanted/Unreached Shipments, Clearance Requests, and operational exceptions — with routing, SLA tracking, and bilingual notifications.
- AWB Consolidation Flow normalizes multi-recipient fields, groups AWBs per recipient, and sends one consolidated HTML email, eliminating manual consolidation.
- README: *BT-utility-tools-demo*

Order Automation System — Logistics Supplies Management
Jun 2026 | Node/Express, HTML/CSS/JS

- Parses structured text, enforces category/item limits, prevents duplicate pending orders, and generates audit-ready order histories.
- Demo: *orders.html* | README: *BT-utility-tools-demo*

Unified Logistics Workflow — Bulk Booking Suite
Jun 2026 | Vanilla JS, HTML/CSS, Regex parsing, Unit conversion

- Book Space Checker, Booking Generator, Note to Driver, and Bulk Shipment Request tools with CED/eOPS parsing, weight/dimension checks, and Outlook-ready approval-email output.
- Demo: *bulkbooking.html* | README: *BT-utility-tools-demo*

Case Library & Templates Organizer
Jul 2026 | Vanilla JS, HTML/CSS, localStorage

- Searchable bilingual repository of customer-service scenarios, email templates, and internal notes with live editing and locally saved customizations.
- Demo: *caselibrary.html* | README: *BT-utility-tools-demo*

Publications

- **High-efficiency DRA array feeds for satellite communications.** *IEEE TAP*, 2014.
- **Broadband high-efficiency DRA for satellite communications.** *IEEE APS-URSI*, 2013.

Activities & Leadership

- Presenter/Mentor, International Culture Team (2005–2010)
- Outreach Committee Chair, NWA American Red Cross (2009)
- Coordinator, Cross Culture Mentor (2007–2010)
- Student Council Member, BYU Graduate Student Society (2010)
