SUMMARY

Operations-focused engineer in Customer Experience/RPI, First/Last Mile support, SLA/KPI recovery, root-cause analysis, continuous improvement, and lightweight internal tooling. Strong Excel/Power Query, Power BI basics, SQL, ServiceNow/CEBS/SharePoint, JavaScript, and Power Automate.

CORE COMPETENCIES

- **Operations Planning & Engineering:** First/Last Mile, RPI monitoring, SLA recovery, SOPs
- **Continuous Improvement:** RCA, SPC, KPI dashboards, audit-ready documentation
- **Data & Tooling:** Excel Power Query/pivots, Power BI basic, PostgreSQL, ServiceNow/CEBS, SharePoint
- **Automation & Dev:** Power Automate, JavaScript/HTML/CSS, Node.js, REST APIs
- **Governance:** DG handling, privacy-aware communications, bilingual EN/VN

SKILLS & TOOLS

- Ops/IE: RCA, SPC, SOPs, KPI dashboards, SLA management
- Systems: CEBS, ServiceNow, SharePoint, Office 365
- Analytics: Excel, Power Query, pivots, Power BI basic, SQL
- Dev: Power Automate, JavaScript, HTML/CSS, REST APIs
- Languages: English professional; Vietnamese native

TECHNICAL PROJECTS

Order Automation System — logistics supplies management prototype, Jun 2026

- Parses structured text, enforces item/category limits, prevents duplicate pending orders, and produces audit-ready histories.

Book Space Checker & Booking Generator — logistics ops tool, Jun 2026

- Parses CED/eOPS text, computes gross/dim weight and L&G, validates thresholds, and generates booking/driver notes.

AWB Consolidation Flow — Power Automate, Jun 2026

- Normalizes SharePoint rows, groups AWBs by recipient, and sends consolidated HTML emails via Outlook.

EDUCATION

- MS Electrical Engineering — University of Arkansas (2008–2010)
- BS Electrical Engineering & Mathematics — University of Arkansas (2004–2008)
- PhD studies, Electrical & Computer Engineering — BYU (2010–2014)

CERTIFICATIONS & PUBLICATIONS

ServiceNow: CSM Case Management, Incident, Problem, Admin Fundamentals, Knowledge Management, JavaScript Fundamentals, Flow Designer.

- IEEE TAP 2014; IEEE APS-URSI 2013.

HONORS & RECOGNITION

- **Awards & Scholarships:** PhD Fellowship (BYU); MTT-S IEEE Scholarship; U. Arkansas Honors College Research Grant; FIES, MLK, and Poster Stone Coop Scholarships.
- **Professional Honors:** URSI Travel Fellowship; ICT Outstanding Award; Ambassador of Good Will; National Recognition Awards; Dean's/Chancellor's List; Gamma Beta Phi; NSCS; HKN.

ACTIVITIES & LEADERSHIP

- **Presenter/Mentor** — International Culture Team, 2005–2010
- **Coordinator** — Cross Culture Mentor, 2007–2010
- **Outreach Committee Chair** — NWA American Red Cross, 2009
- **Student Council Member** — BYU Graduate Student Society, 2010

PROFESSIONAL EXPERIENCE

FedEx Vietnam — Customer Experience Agent (RPI / Remote Pickup Creator and Monitor)

Ho Chi Minh City, Vietnam | 02/2026 – Present

- Create and monitor RPI C-MOD control numbers in CEBS; submit SharePoint entries to trigger VN/EN consignee notifications.
- Validate 12-digit AWBs and shipment data; extract contacts using Copilot/OCR; attach RPI, AWB, commercial docs, and MSDS.
- Own case lifecycle across SharePoint/Excel, ServiceNow, and CEBS; update statuses, timestamps, owners, handoffs, and closure notes.
- Monitor “Picked Coop RPI” and CEBS queues; flag SLA risks and escalate with recommended recovery actions to Station/Ops/Regional teams.
- Use Power Query/Excel logs to track aging, pickup-within-SLA %, and top exception types; maintain templates, macros, and escalation notes.
- Built Power Automate flows to consolidate AWB rows, split multi-recipient fields, aggregate by recipient, and send one consolidated HTML email.

FedEx Vietnam — Customer Experience Agent / Supplies Coordination

Ho Chi Minh City, Vietnam | 03/2026 – 05/2026

- Collaborated with Malaysia and Singapore teams to streamline APAC supplies ordering, tracking, delivery updates, and escalation paths.
- Standardized bilingual templates, order procedures, typical quantity guidance, and “Data Not Found” checks to reduce duplicates and delays.

Concentrix — Customer Service Partner Specialist

Ho Chi Minh City, Vietnam | 2024 – 2025

- Managed B2B account/platform support; triaged technical defects, escalated to engineering, and coordinated billing/dispute resolution.
- Logged incidents and categorized root causes in ServiceNow for audit readiness and process improvement reporting.

Black Diamond & Kizik - Quality Control & Assurance Specialist

USA | 2022 – 2023

- Built engineering test models, ran SPC analyses and failure investigations, improved production monitoring, and maintained QMS documentation.

AutoZone Inc. — Shift Lead / Sales Manager

USA | 2018 – 2020

- Led on-duty store operations and team of 6+; coordinated commercial/hub order fulfillment and daily KPI huddles for SLA/cycle-time control.

Research Assistant — BYU / Linear Signal Inc. (Raytheon-sponsored)

Provo, UT | 2010 – 2014

- Designed/simulated high-efficiency DRA antenna arrays for SATCOM; characterized radome materials at microwave frequencies and high temperatures.

Research Assistant — University of Arkansas (MOLICS Lab)

Fayetteville, AR | 2005 – 2010

- Applied microwave imaging for non-contact object detection; fabricated/tested RF devices under strict laboratory protocols.
